

Letter of Recommendation for a Greg Brown Home

At the beginning of 2010, I started looking for a home on Maui. I put offers on three or four other homes in the area and am sure glad they all fell through.

One night in early October 2011, I met up with Greg Brown and was introduced to the home I eventually purchased. I saw this home at night in the sheetrock stage and I was also told there was a view of which I could not see due the darkness. Then in the morning at 9:30am, I met Greg Brown again for coffee and we came to a contract.

Everything he told me about this home was exactly what came to be, NO EXCEPTIONS. The home was done ahead of schedule and his crew was a pleasure to work with. It was one of my very best experiences in life to purchase and complete this home with Greg Brown.

He was there all the way through and his staff worked very well with all my requests and desires. I definitely would recommend Greg Brown for your experience in purchasing an exceptionally fabulous high end home.

Mahalo,
